

PAPER TEMPLATE FOR ICMC 2010, STONY BROOK UNIVERSITY, NY

ABSTRACT

The abstract should be placed at the top left column and should contain about 150 words.

1. INTRODUCTION

This template includes all the information about formatting manuscripts for the ICMC 2010. Please follow these guidelines to give the final proceedings a uniform look.

2. PAGE SIZE

The proceedings will be printed on US letter paper (8.5" × 11", or 21.6 cm × 28 cm). All material on each page should fit within a rectangle of 6.9" × 9" (17.5 cm × 22.9 cm), centered on the page, beginning 1" (2.5 cm) from the top of the page and ending 1" (2.5 cm) from the bottom. The left and right margins should be 0.8" (2 cm). The text should be in two 3.3" (8.4 cm) columns with a 0.3" (0.8 cm) gutter. All *text* must be in a two-column format. Text must be fully justified.

3. TYPESET TEXT

3.1. Normal or Body Text

Please use a 10pt (point) Times font, or other Roman font with serifs, as close as possible in appearance to Times. Please use sans-serif or non-proportional fonts only for special purposes, such as distinguishing source code text.

The first paragraph in each section should not be indented, but all other paragraphs should be.

3.2. Title and Authors

The title is 14pt Times, bold, caps, upper case, centered. Authors' names are centered. The lead author's name is to be listed first (left-most), and the co-authors' names after. If the addresses for all authors are the same, include the address only once, centered. If the authors have different addresses, put the addresses, evenly spaced, under each authors' name.

3.3. Page Numbering, Headers and Footers

Do not include headers, footers or page numbers in your submission. These will be added when the publications are assembled.

4. FIRST LEVEL HEADINGS

First level headings are in Times 10pt bold, centered with 12 pt of space above the section head, and 12 pt space below it. For a section header immediately followed by a subsection header, the space should be merged to 12 pt total.

4.1. Second Level Headings

Second level headings are in Times 10pt bold, flush left, with 12 pt of space above the section head, and 6 pt space below it. The first letters of significant words are capitalized.

4.1.1. Third level headings

Third level headings are in Times 10pt italic, flush left, with 12 pt line of space above and 6 pt space below the section head. More than three levels are highly discouraged. The first word is capitalized.

5. FOOTNOTES AND FIGURES

5.1. Footnotes

Indicate footnotes with a number in the text¹. Use 8pt type for footnotes. Place the footnotes at the bottom of the page on which they appear. Precede the footnote with a 0.5pt horizontal rule.

5.2. Figures, Tables and Captions

All artwork must be centered, neat, clean, and legible. All lines should be very dark for purposes of reproduction and art work should not be hand-drawn. The proceedings is not in color and therefore all figures must make sense in black-and-white form. Figure and table captions, with numbers, always appear below the figure. Leave 1 line space between the figure or table and the caption. Each figure or table is numbered consecutively. Captions should be Times 10pt.

¹This is a footnote.
